June 8, 2020

Dear Nickerson Lake Property Owner,

At this time each year the Nickerson Lake Conservation Fund (NLCF) contacts you and other lake property owners to remind all that the protection of our lake quality is promoted by gifts you and others have made over the years. So here we are again, but this time is different because of Covid 19 and the pandemic. We realized that things are tough and a little scary.

If you feel you can make a contribution no matter the amount, we will gratefully accept it. We vow to put it to good use. If you feel you cannot, we understand. Please remember your NLCF next year.

You can make any donations to NLCF by adding an amount to your annual Nickerson Lake Wilderness Preservation dues of \$35.00, send a separate gift to NLCF at the above address or visit <https://mynickersonlake.com/preservation/> and go to the “Dues,Donations & Donors” section.

Thank you for considering the quality your lake. Together we have made a difference and will continue to do so.

Your name only will be entered on our publicly available donor list. If you prefer that your donation be anonymous, please include instructions to that effect.

Sincerely,

Nickerson Lake Conservation Fund

Gary Severson
